Linkedin: <https://www.linkedin.com/in/ramesh-khatri-118062132>

An achievement-oriented professional with over 8 years of experience in developing comprehensive test cases, writing automation scripts, conducting manual testing, performing API testing, and ensuring the delivery of high-quality software products.

PROFESSIONAL EXPERIENCE

DEERHOLD LTD.

Sifal, Kathmandu

Principal Software QA Engineer

Jan, 2025 - Present

- Led and mentored a team of QA engineers, driving test strategy, best practices, and continuous improvement.
- Contributed to the development of reusable test automation frameworks and improved test coverage across multiple projects.
- Championed in-sprint automation to ensure faster, high-quality releases.
- Performed extensive regression testing, reducing production issues and enhancing test coverage.

Senior Software QA Engineer

Aug, 2022 - Dec, 2024

- Built and maintained automation frameworks for UI and API testing.
- Worked closely with cross-functional teams to define test strategies, acceptance criteria, and sprint deliverables.
- Guided junior QA team members, providing technical assistance and fostering knowledge sharing within the team.
- Executed thorough regression testing, identifying and reporting critical bugs before release.

Software QA Engineer

Dec, 2021 - Aug, 2022

- Developed and executed manual and automated test cases for UI testing using Selenium, Java, and Cucumber.
- Performed in-sprint ticket testing and ran automated regression suites to ensure timely and stable releases.
- Collaborated with developers and product owners to understand requirements and ensure comprehensive test coverage.

SEVA DEVELOPMENT

Sanepa, Lalitpur

Software Engineer - QA

Dec, 2020 - Dec, 2021

- Developed and maintained UI automation scripts using Taiko and Gauge, ensuring stability and repeatability of test cases.
- Built and executed API automation tests using the Axios library to validate backend functionality and integration points.
- Handled in-sprint ticket and regression testing of a mobile app, supporting timely, high-quality releases.

- Conducted accessibility testing to ensure compliance with accessibility standards and enhance user experience for all users.
-

AAYULOGIC PVT. LTD.

New Baneshwor, Kathmandu

Business Quality Analyst

Aug, 2019 - Dec, 2020

- Collaborated with business stakeholders to gather, analyze, and clarify requirements, ensuring clear acceptance criteria for development and testing.
- Translated business needs into testable user stories and participated in backlog grooming, sprint planning, and reviews.
- Conducted manual and automated testing to ensure product functionality aligned with business goals.

Jr. QA/QC Engineer

Aug, 2018 - Aug, 2019

- Assisted in the design, development, and execution of manual and automated test cases for functional, regression, and performance testing.
- Wrote detailed test cases based on business requirements, user stories, and specifications, ensuring comprehensive test coverage.
- Conducted security testing to identify vulnerabilities and ensure that applications were protected against potential threats and breaches.

QA Intern/Trainee

Feb, 2018 - Aug, 2018

- Assisted in the creation and execution of manual test cases for functional and regression testing,
- Learned and applied automated testing techniques under the guidance of senior QA engineers.
- Gained exposure to Agile testing methodologies and participated in sprint cycles, including daily stand-ups and sprint retrospectives.

EDUCATION

Patan Multiple Campus

Master's Degree in Information Technology

Patan Dhoka, Lalitpur

2025 - Present

Kantipur Engineering College

Bachelor's Degree in Computer Engineering

Dhapakhel, Lalitpur

2013 - 2017

SKILLS

- **Automation Tools:** Selenium, Cypress, Playwright, Cucumber, Behave, Rest Assured
- **Programming Languages:** Java, Javascript, Python, Kotlin
- **Version Control:** Git
- **API Testing:** Postman
- **Security Testing:** Burp Suite
- **Load Testing:** Apache JMeter
- **Accessibility Testing:** VoiceOver, Screen Magnification

- **Database Knowledge:** SQL
- **Project Management Tools:** Jira, Confluence
- **Soft Skills:**
 - Strong analytical skills
 - Excellent communication and collaboration skills
 - Team-oriented
 - Quick to learn and eager to grow

PROJECT INVOLVED

Involved in the following projects to perform testing and ensure the delivery of high-quality products:

- [Merojob.com](#): Nepal's most popular job portal.
- [Rojgari.com](#): Job Portal mainly for blue collar job seekers
- [RealHR Soft](#): Complete HR intelligence technology
- CRM: Software to manage the Client relationship
- [Deem](#): Advanced travel management platform
- [Higj](#): Consumer health engagement company
